Re: U.S. Patent No. 0220967 — Response to Assertion of Infringement

Dear Counsel,

We acknowledge receipt of your correspondence asserting infringement of U.S. Patent No. 0220967 (the "0220967 Patent"). After preliminary review, we have substantial concerns about the validity, enforceability, and scope of the asserted claims, summarized below. We reserve all rights and defenses.

1. Subject Patent — Summary

Analysis of US Patent 0220967

Date of Analysis: 2026-05-01

Subject: US Patent 0220967

Executive Summary

A comprehensive search for a granted US Patent with the number 0220967 did not yield a direct match. The provided number does not appear to correspond to an issued US patent.

However, research has identified a highly relevant US Patent Application Publication, number US 2004/0220967 A1. It is probable that this is the document of interest. This analysis will proceed with the details of this patent application, while noting the uncertainty regarding a granted patent with the exact number requested.

No records were found for 0220967 in the dockets of the U.S. Court of Appeals for the...

2. Request

In light of the foregoing, we request that your client (i) provide a detailed claim chart identifying each accused product or service and mapping every limitation of each asserted claim, (ii) identify any prior art known to your client, including any references cited during prosecution or reexamination, and (iii) substantiate the basis for any damages or licensing demand. We are prepared to discuss the matter further once we have received and reviewed the foregoing.

Sincerely,
