Re: U.S. Patent No. 10750310 — Response to Assertion of Infringement

Dear Counsel,

We acknowledge receipt of your correspondence asserting infringement of U.S. Patent No. 10750310 (the "10750310 Patent"). After preliminary review, we have substantial concerns about the validity, enforceability, and scope of the asserted claims, summarized below. We reserve all rights and defenses.

1. Subject Patent — Summary

I'm sorry, but I was unable to find any information about US Patent 10,750,310 in the USPTO database or the CAFC dockets. It is possible that this patent number is incorrect or does not exist.

To get the most accurate and up-to-date information, I would recommend a search of the USPTO's official patent database, Patent Public Search.

If you can provide the correct patent number or any other identifying information, such as the title or inventors' names, I can try to assist you further.

4. Litigation History of the Patent

Public records reflect that the 10750310 Patent has been the subject of the following litigation, which informs our view of the asserted claims and your client's enforcement posture:

- X One Inc v. Dominos Pizza Franchising LLC et al. — 2:26-cv-00311 · Texas Eastern District Court · filed 2026-04-17 · Open
- X One Inc v. DoorDash Inc et al. — 2:26-cv-00312 · Texas Eastern District Court · filed 2026-04-17 · Open

3. Request

In light of the foregoing, we request that your client (i) provide a detailed claim chart identifying each accused product or service and mapping every limitation of each asserted claim, (ii) identify any prior art known to your client, including any references cited during prosecution or reexamination, and (iii) substantiate the basis for any damages or licensing demand. We are prepared to discuss the matter further once we have received and reviewed the foregoing.

Sincerely,
