Re: U.S. Patent No. 11317640 — Response to Assertion of Infringement

Dear Counsel,

We acknowledge receipt of your correspondence asserting infringement of U.S. Patent No. 11317640 (the "11317640 Patent"). After preliminary review, we have substantial concerns about the validity, enforceability, and scope of the asserted claims, summarized below. We reserve all rights and defenses.

1. Subject Patent — Summary

Analysis of U.S. Patent 11,317,640

Date of Analysis: April 29, 2026

This report provides a summary of United States Patent 11,317,640, including its key bibliographic details and an overview of its independent claims. A search of the United States Patent and Trademark Office (USPTO) database was conducted, and the provided information is based on the full text of the patent. A search of the dockets for the U.S. Court of Appeals for the Federal Circuit (CAFC) for the year 2026 did not yield any public records of litigation involving this patent.

4. Litigation History of the Patent

Public records reflect that the 11317640 Patent has been the subject of the following litigation, which informs our view of the asserted claims and your client's enforcement posture:

• Promotion In Motion Inc v. New Cibo Vita LLC et al. — 337-TA-3900 · International Trade Commission · filed 2026-08-04 · Open

3. Request

In light of the foregoing, we request that your client (i) provide a detailed claim chart identifying each accused product or service and mapping every limitation of each asserted claim, (ii) identify any prior art known to your client, including any references cited during prosecution or reexamination, and (iii) substantiate the basis for any damages or licensing demand. We are prepared to discuss the matter further once we have received and reviewed the foregoing.

Sincerely,
