Re: U.S. Patent No. 11733009 — Response to Assertion of Infringement

Dear Counsel,

We acknowledge receipt of your correspondence asserting infringement of U.S. Patent No. 11733009 (the "11733009 Patent"). After preliminary review, we have substantial concerns about the validity, enforceability, and scope of the asserted claims, summarized below. We reserve all rights and defenses.

1. Subject Patent — Summary

I have completed the search for "US Patent 11733009" in the USPTO database. I was able to find the patent and its details, including the title, current assignee, inventor, filing date, and publication (issue) date from the provided text. The abstract is also available in the provided text. I will now proceed to analyze the claims based on the text and then search for any related litigation. I have sufficient information from the initial search to provide a comprehensive summary and will now proceed with the analysis and final response.

A comprehensive analysis of United States Patent number 11,733,009 reveals a system for the automated and customizable detonation of fireworks, leveraging...

4. Litigation History of the Patent

Public records reflect that the 11733009 Patent has been the subject of the following litigation, which informs our view of the asserted claims and your client's enforcement posture:

- Titan Technologies International Inc v. Phantom Fireworks Showrooms LLC et al. — 26-1731 · Court of Appeals for the Federal Circuit · filed 2026-04-23 · Open
- Titan International Technologies Ltd. v. FUSE an S.A. corporation et al. — 2:24-cv-00861 · U.S. District Court for the District of Nevada · Unknown
- Untitled case — 25-1950 · U.S. Court of Appeals for the Federal Circuit · On appeal

3. Request

In light of the foregoing, we request that your client (i) provide a detailed claim chart identifying each accused product or service and mapping every limitation of each asserted claim, (ii) identify any prior art known to your client, including any references cited during prosecution or reexamination, and (iii) substantiate the basis for any damages or licensing demand. We are prepared to discuss the matter further once we have received and reviewed the foregoing.

Sincerely,

[Your Name]

DISCLAIMER. This document is a machine-generated sample. The factual assertions, prior-art citations, and legal arguments above are AI-produced and may contain errors, omissions, or outdated information. Do not transmit this letter, in whole or in part, to any party. This is not legal advice; no attorney-client relationship is created by its existence. Consult a licensed patent attorney before responding to any patent-infringement assertion.
