**Re: U.S. Patent No. 6772229 — Response to Assertion of Infringement**

Dear Counsel,

We acknowledge receipt of your correspondence asserting infringement of U.S. Patent No. 6772229 (the "6772229 Patent"). After preliminary review, we have substantial concerns about the validity, enforceability, and scope of the asserted claims, summarized below. We reserve all rights and defenses.

## **1. Subject Patent — Summary**

Summary of U.S. Patent 6,772,229

Title: Centrifugal communication and collaboration method

Assignee: Sampo IP LLC

Inventors: Theodore B. Achacoso, D. Wayne Silby

Filing Date: November 13, 2000

Issue Date: August 3, 2004

Abstract:

A system for communicating information among participants in a distributed application having peripheral communications devices comprises a central agent having two-way links to the peripheral devices, a notice generator triggered by an information input from one participant directed to at least one other participant, the notice generator generating a notice for the other participant(s) and pushing the notice to the peripheral device of the other...

## **2. Request**

In light of the foregoing, we request that your client (i) provide a detailed claim chart identifying each accused product or service and mapping every limitation of each asserted claim, (ii) identify any prior art known to your client, including any references cited during prosecution or reexamination, and (iii) substantiate the basis for any damages or licensing demand. We are

prepared to discuss the matter further once we have received and reviewed the foregoing.

Sincerely,

**[Your Name]**
