**Re: U.S. Patent No. D933333 — Response to Assertion of Infringement**

Dear Counsel,

We acknowledge receipt of your correspondence asserting infringement of U.S. Patent No. D933333 (the "D933333 Patent"). After preliminary review, we have substantial concerns about the validity, enforceability, and scope of the asserted claims, summarized below. We reserve all rights and defenses.

## **1. Subject Patent — Summary**

Summary of Efforts to Locate U.S. Patent D933,333

As of May 1, 2026, a comprehensive search for U.S. Design Patent D933,333 has been conducted, but the official patent document, including its claims and specifications, could not be located through standard public databases.

Multiple search queries on the U.S. Patent and Trademark Office (USPTO) Public Patent Search system and Google Patents have failed to return a direct result for this specific patent number.

The searches were performed using various formats of the patent number to ensure comprehensive coverage. The results consistently pointed to unrelated patents or provided general patent search information.

Furthermore, a search of...

## **4. Litigation History of the Patent**

Public records reflect that the D933333 Patent has been the subject of the following litigation, which informs our view of the asserted claims and your client's enforcement posture:

- Untitled case — 1:26-cv-04387 · Illinois Northern District Court · filed 2026-04-18 · Open

### 3. Request

In light of the foregoing, we request that your client (i) provide a detailed claim chart identifying each accused product or service and mapping every limitation of each asserted claim, (ii) identify any prior art known to your client, including any references cited during prosecution or reexamination, and (iii) substantiate the basis for any damages or licensing demand. We are prepared to discuss the matter further once we have received and reviewed the foregoing.

Sincerely,
